

## New Reduced Dues IMAPS Membership Available

March 8, 2009 - IMAPS has introduced a new level of individual membership. In recognition of the current economic climate and the impact on some of our members, IMAPS executive council has approved a new, reduced dues membership category for those who have become unemployed.

IMAPS recognizes the value of remaining an IMAPS member during these difficult times. If you are unemployed, you can join or renew your IMAPS membership for \$40 for one year. And, don't forget to upload your resume to the Jobs Marketplace on the IMAPS website.

To become a member or renew your membership go to:
